

DIN/ISO Sanitary Gaskets

Sanitary clamp hygienic seals are commonly used in the industry at critical applications. **FDA inspectors and pharmaceutical industry are focused on any potential area of contamination.** Detection levels are constantly adjusted to establish highest product purity. Therefore Rubberfab is now introducing FDA and USP class VI compliant DIN and ISO seals **to ensure the highest purity sealing product available** on the market worldwide. Seals are designed to meet DIN32676, ISO2852 and ISO1127 specifications. **Sanitary gaskets are enhanced with lot number identification to ensure traceability.** Each delivery of seals is provided with Certification of Conformance to fulfill paperwork requirements.
