

## Pump and Valve Components

**Centrifugal Pump Kits for:**

- 114, 216 & 218/328 pumps
- Available in Buna, EPDM and FKM elastomers

**Centrifugal Pump Parts:**

- Backplates
- Carbon seals
- Casing gaskets & O-Rings
- Silicon carbide seals
- Cups
- Springs
- Stub shafts
- Impeller pins

**Filler Parts:**

- Rolling diaphragms
- Vacuum cups
- Suction cups
- U-cups
- Screens
- Perforated plates
- O-Rings
- Gaskets
- Couplings

**KIT 1: O-Ring, Carbon, Impeller Pin, Casing Gasket**

**KIT 2: Casing Gaskets, Carbons, O-Rings**

**KIT 3: O-Ring, Cup, Spring, Carbon**

*Stub Shaft*  
*Impeller Pin*  
*Drive Collar*  
*Spring*  
*Cup*  
*O-Ring*  
*Carbon*  
*Backplate Pin*  
*Backplate*  
*Casing Gasket*  
*Impeller*

**KIT 1: O-Ring, Carbon, Impeller Pin, Casing Gasket**

**KIT 2: Casing Gaskets, Carbons, O-Rings**

**KIT 3: O-Ring, Cup, Spring, Carbon**

Rubber Fab has made many significant advancements in gasket and hygienic seal materials and manufacturing over the past few years and has applied this knowledge to the production of our Component Parts for pumps, valves, fillers and system equipment.

### **Rubber Fab Replacement Parts**

Rubber Fab has made the same commitment to purity and excellence in the manufacturing of our Component Parts as we have our line of hygienic seals. Like our other products, our component parts are color coded for material identification and come with lot and batch numbers that provided traceability at all times.

If it's valve stems and balls, centrifugal pump parts and kits or filler parts, you can be assured of our continuous commitment for a superior product. Rubber Fab Technologies Group will meet your requirements and your expectations. All our elastomer parts are Animal Derived Ingredient Free (except for Buna which is not an ADI Free® elastomer)

#### **Valve Stems and Balls:**

- New and exchange Valve Stems
- Check Valve Replacement Balls
- PTFE enhanced
- Superior surface finishes
- Available in Buna, EPDM and FKM
- FDA and 3A compliant
- All stem varieties are available compression, divert and shut-off

#### **Centrifugal Pump Kits for:**

- 114, 216 & 218/328 pumps
- Available in Buna, EPDM and FKM elastomers
- KIT 1: O-Ring, Carbon, Impeller Pin, Casing Gasket
- KIT 2: O-Rings, Carbons, Casing Gaskets
- KIT 3: Spring, Cup, O-Ring, Carbon

#### **Centrifugal Pump Parts:**

- Backplates
- Carbon seals
- Casing gaskets & O-Rings
- Silicon carbide seals
- Cups
- Springs
- Stub shafts
- Impeller pins

#### **Filler Parts:**

- Rolling diaphragms
- Vacuum cups
- Suction cups
- U-Cups
- Screens
- Perforated plates
- O-Rings
- Gaskets
- Couplings
